PRESS RELEASE

Qatar Airways to ship essential medical supplies to India

India welcomes and deeply appreciates the announcement made by Qatar Airways for ship essential medical supplies gifted to India from around the world free of charge.

This gesture is testament to very close and longstanding partnership between India and Qatar. Prime Minister of India held a telephonic conversation with His Highness the Amir of the State of Qatar on 27 April and conveyed our appreciation for the expression of solidarity and support for India's fight against Covid.

We are grateful to our international partners for their standing in support of the people of India. This also reflects the goodwill of the world for India's own efforts to step in when its international partners are in need.
